120W Foldable solar blanket for camping

This 120W folding solar blanket is perfect for camping, offering high-efficiency monocrystalline solar cells for reliable power generation. Its lightweight, foldable design ensures easy portability and storage, making it ideal for outdoor adventures, RV trips, and emergency power needs. Equipped with USB and DC output ports, it can charge smartphones, tablets, laptops, and other devices. Made from durable, waterproof materials, it delivers stable performance in various weather conditions, providing a dependable energy solution for outdoor enthusiasts.

Product Features:

- 1.Portable Design:** The solar panel is often foldable or designed to be compact, making it easy to transport. The accompanying bag usually has handles or straps for carrying.
- 2.High Efficiency:** The panel uses high-efficiency monocrystalline or polycrystalline solar cells to maximize energy conversion from sunlight.
- 3.Durability:** Made with robust materials to withstand outdoor conditions, including water-resistant or weatherproof fabric for the bag and rugged construction for the panel.
- 4.Compatibility:** Designed to be compatible with various devices and power stations, often including adapters and cables to connect to different input ports.
- 5.Smart Charging Technology:** Features such as MPPT (Maximum Power Point Tracking) controllers or smart charging algorithms to optimize power output and efficiency.
