200W solar blanket for camping

The 200W solar blanket for camping is a lightweight, portable, and efficient power solution designed for outdoor enthusiasts. It features high-efficiency solar panels that can generate up to 200 watts of power, ideal for charging devices like smartphones, tablets, and portable batteries. The blanket is foldable, water-resistant, and durable, making it perfect for various weather conditions. With built-in USB ports and a compact design, it's easy to carry and set up, ensuring you stay powered during your camping adventures. This eco-friendly energy source is a must-have for off-grid trips and emergency situations.

Product Features:

1) Folding, outdoor portable more convenient.

It can be used for fishing, camping, picnics, and hiking, including on yachts and RVs.

2) Good waterproof performance

Made of high-quality silicon materials, these coatings have excellent waterproof, anti-corrosion, sun protection and other properties, making solar cloth bags suitable for long-term use in harsh outdoor environments and less susceptible to damage caused by rainwater.

3) Fast charging

Professional design for mobile energy storage, high current charging faster.
