Product Description

100W solar blanket for camping with bracket

The 100W solar blanket for camping with a bracket is a versatile and portable power solution designed for outdoor adventures. It features high-efficiency solar panels that generate up to 100 watts, perfect for charging small devices like smartphones, cameras, and portable batteries. The included adjustable bracket allows for optimal sun positioning, maximizing energy output. Lightweight, foldable, and water-resistant, it's built to withstand various weather conditions. With integrated USB ports and a compact design, it's easy to carry and set up, ensuring reliable power during camping trips. This eco-friendly solar blanket is ideal for off-grid travel and emergency power needs.

Product Features:

1)Folding, outdoor portable more convenient.

It can be used for fishing, camping, picnics, and hiking, including on yachts and RVs.

2) Good waterproof performance

Made of high-quality silicon materials, these coatings have excellent waterproof, anti-corrosion, sun protection and other properties, making solar cloth bags suitable for long-term use in harsh outdoor environments and less susceptible to damage caused by rainwater.

3) Fast charging

Professional design for mobile energy storage, high current charging faster.
